TALISMAN	2½-3 ft.	Dble.	**
Golden yellow and ruddy copper; long famous and popular everywhere.			

GRANDIFLORA ROSES

"The GRANDIFLORA CLASS consists of varieties relatively tall in growth, free flowering, often with many flowers in clusters but with individual stems long enough for cutting. The flower size, tho not necessarily as large as hybrid teas, is larger than the average Floribunda, with Hybrid Tea Standard for bud and flower form." Carrousel was the first variety to fit into this class.

	Height	Size Flower	Price Retail
BUCCANEER. Pat. 1119.....	4-5 ft.	26-35 petals	\$2.50

(Duehrsen) (Introduced by Elmer Roses '56)

The warm sunset coloring of a summer sky, with its varied hues of brilliance, from the lurid red orange on the outer circle, changing to shades of rose pink tones, finally melting into warm buttercup yellow at the heart. This is the thrill one feels when they look into the face of "Little Darling", a small two and one-half inch bloom of near perfection, both as to form and glorious blended colors. These blooms are borne both singly and on clusters of long stems, on a tall, bushy plant, which is beautifully clothed with excellent disease free, shiny green foliage. The flowers when cut will keep beautifully for from four to five days. Dainty perfume adds luster to the rose, though we feel these blossoms need nothing added to the glorified coloring which it possesses at all times. The buds were created for corsages.

GOLDEN SLIPPERS, P.A.F.	1½-2 ft.	18-25 petals	\$2.50
NEW 1962 A.A.R.S. WINNER			

Small, Neat and Compact in growth, sturdy and disease resistant. Small pointed buds open to a little cupped flower of an unbelievably brilliant orange, softening slightly to pastel orange surrounding a ring of gold at the high center when the flower is fully open. The bloom is profuse and continuous throughout the season.

JIMINY CRICKET. Pat. 1346	3-4 ft.	20 petals	\$1.75
--	---------	-----------	--------

This rose with its urn-shaped tangerine-red buds, which open to a blend of orange and vermilion tones, aging to a good coral-pink. Blossoms freely on a good bush, which planted in a solid bed or as a hedge, would prove most exciting. A slight rosy fragrance.

LAVENDER SHADES

LAVENDER GIRL. Pat. 1672.....	2 ft.	35-42 petals	\$3.00
--------------------------------------	-------	--------------	--------

Truly lavender in color; thru a very hot summer it held this color. A delightful fragrance, the flowers are borne on excellent cutting stems. The plant low and bushy, compact and strong in appearance with blooms 3½ inches across. Its bloom is recurrent thru the season. The most unusual rose.
